HEALTH LEAGUE
REPORTS ON
ITS WORK

Appeals to the People of El Paso for Help for the Tubercular Poor.

The regular monthly meeting of the Health League was held yesterday at the Y. M. C. A. E. M. Brav, T. J. Jones, Mrs. J. A. Potter, Robert A. Moore and rabbi Zielonka were present.

The report of the superintendent for January showed 76 cases in charge, 7 new ones.

The number of cases attending the clinic were 121 and the number of prescriptions filled 102. The number of pocket flasks given out were 52; sputum cups given, 420.

Donations were received from J. H. Nations, Miss L. M. Cosgro, Mrs. McBrown, Mrs. John Murphy, Mrs. O. A. Critchett, Mrs. Norman Ringer, Mrs. E. B. Smith, Robt. A. Moore, Mark Greene and Harry Havens.

"The relief problem is at present in a very critical state and something must be done to supply nourishing food to the patients," says the report. "Our doctors are ever ready to make calls, attend

clinics and give their time in every way to better the condition of these people, but medicine alone will not cure tuberculosis and the doctors must have as their aid good food, clean air and a mind relieved from the worry of not knowing where the next food is to come. I know of many cases at the present time living on the ragged edge of starvation.

"This is the problem the Health League must face. What are you going to do? The law against expectorating on the streets and in public places should be enforced and sanitary cuspidors placed on the corners of every street in the business section of the city."

A Worthy Case.

The Health League has under its care many mothers and little children who are unable to get even fresh air, because they have not the means for sleeping out of doors and are forced to live in ill ventilated edifices. Just last week a little boy, 10 years old, who is the main support of a mother dying of tuberculosis, became ill, so ill that he was kept under close observation, ice cap to his head, and the Mexican visitor gave her entire time to caring for the boy. This little boy had been attending school and after school hours blacked boots to support the family. If nothing was earned the boy went to school hungry and at night he was forced to sleep in the same bed with the tuberculous mother. This has now been changed because some one donated a mattress and now our little bootblack is enjoying the luxury of sleeping alone. This is only one case of many such found in the Mexican quarter.

Another Case of Need.

At the present time living in the Santa Fe yard in an adobe 12x14 feet is a man and his wife and small child, their daughter, her husband and child and the daughter expects the coming of the stock any day. The older woman was found sleeping on a bundle of rags, too ill to attend the clinic and they were all practically starving. The Women's Charity association has met the emergency, provided food and bed for the woman, but this society has not the funds to carry on the case indefinitely and it is a problem that must be met by the Health League as the man and his wife are both tubercular.

The Health League has 76 cases in charge. A very great deal of money is being spent for medicines, sputum cups and all such sanitary measures, but this alone will not cure tuberculosis; nourishing food, clean air, bedding and warm clothing are necessary.

The Health League appeals to the citizens of El Paso to help.

Contributions may be sent to the El Paso Health League office in the basement of the courthouse.

Globe Flour, best by test, and the pay roll in El Paso.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all druggists.

BASEBALL FANS TO
HEAR LEAGUE
TALK TONIGHT

Harbuck Will Put His Proposition Before the El Pasoans Tonight.

Listen, fans! Tonight at the chamber of commerce the future of baseball will be discussed and perhaps decided. Frank Harbuck, of Shreveport and Leon Kahn, also one of the backers of baseball in the Louisiana city with the paved streets, are here to confer with local baseball boosters in regard to establishing a league in these parts.

Tonight they will make a definite proposition to the supporters of baseball in El Paso. Since they arrived Tuesday these two enthusiasts have been making a canvass of the field here and are very much encouraged over the outlook for the organization of a league with El Paso as the charter team.

The advantages of organized baseball will be explained to the uninitiated tonight at the meeting and the discussion will be an open one in which all the fans will be asked to participate. Harbuck and Kahn are both business men and they have made the Shreveport team one of the best paying teams in the Texas league. They say they can do as much for El Paso and the city of the southwest as they are being considered as probable members of the Cactus league.

The meeting tonight is important and will be the only way of getting a line on the desires of the supporters of baseball in El Paso both among the subscribers and patrons of the game. No admission fee or collection will be taken. Every one who can make a noise like a fan of the palm leaf variety is invited.

RACING PROMOTERS.**

Cincinnati, O., Feb. 9.—An indictment returned by the grand jury in Kenton county, Kentucky, today against the Latonia Racing association on the charge of holding races without a license from the Kentucky State Racing commission. The indictment grows out of refusal of race track managers to abolish bookmaking at last fall's meeting, the managers defying the order of the commission.

JACK JOHNSON MAY
GO TO SING SING

Prospects of Negro Fighter Being Sentenced for Assault.

New York, N. Y., Feb. 9.—Jack Johnson may be wearing stripes in Sing Sing on the nation's birthday, the anniversary of which he was to have assisted in celebrating by meeting Jim Jeffries in the squared circle for the championship of the world. Johnson's attorney and friends are getting worried about his prospects of getting clear of the court proceedings in which he has become entangled because of a friendly little joust with one Nate Pinder.

Judge Goff, admitted to be the grudge of the New York courts, has granted the district attorney's motion to strike out the charge of assault against Johnson from the calendar of the present session. The negro fighter's lawyers protested but to no avail and the case must now go over until the next term of the court. The district attorney says he has a strong case, but has not yet had time to prepare the evidence for presenting to the court.

Should Johnson be convicted of the charge brought against him, he may have to do time at the state prison. If this becomes a stern necessity, he is anxious to have it over with as soon as possible in order that he might do his preliminary training for the big fight making small stonies out of large boulders.

REFERENCE LIFE INSURED.

San Francisco, Cal., Feb. 9.—For the first time in the history of the prize ring, the life of the third man in the ring, the referee, has been insured. Eddie Smith, who has been selected to officiate at the Nelson-Volgaist fight, has been insured for \$10,000 by the promoters. Half of this amount is to go to Nelson and half to Volgaist in case the referee should die before Feb. 22, thus causing the fight to be called off as no other referee could be decided upon by the fighters.

FLYNN BEST.

Los Angeles, Cal., Feb. 9.—Jim Flynn, the Pueblo fireman, not only stayed 10 rounds with Sam Langford, but the decision of the newspaper men present was in his favor. INVESTIGATING A
HORSE AT
JUAREZ

Stewards Probe Into Why There Was Such Difference in Running.

So great was the contrast between the performance of Pedro on Saturday, when he ran back in a race in which he was marked up as the favorite at 3 to 5, and his performance Tuesday in the second race, when with Garner up, he ran third until ready, and then breezed past the field and won, pulled up, that the stewards called the horse's owner, J. J. Daniels, into the judge's stand for an explanation. The case is being investigated and a decision will be announced in a few days. With the suspension of jockey Small indefinitely, and the setting down of the other boys, the stewards are apparently making an effort to keep the game as clean as possible.

Flying Wolf Flys.

Flying Wolf won the twoyearold event from a field of fast youngsters in the half mile purse race, the first half mile the apprentice horses have been asked to go.
